The Kenya Classics

1 week Cycling and Wildlife Adventure

The ultimate adventure for cycling groups

From € 1.540 per person, all inclusive, without flight ticket

Welcome to the travelplan for The Kenia Classics, 1 week Cycling and Wildlife Adventure for groups

The ultimate cycling experience, where you cycle "challengingly" between culture, nature and wildlife. You cycle through smaller wildlife areas (no dangerous wildlife), always under the expert guidance of our Dutch tour guide. In our Safari 4x4 you will look for the big game and "the Big Five" in two of the most beautiful parks of Kenya, the Masai Mara and Nakuru. You cycle from hotel/lodge to hotel, your luggage travels with our comfortable support car.

The **basic tour is 8 days**, but **can be shortened by 1 day** when the group's itinerary asks.

Please note: Arrival in Nairobi:

If your flight arrives in the morning, your journey will start the same day. If your flight arrives in the afternoon or evening, your tour starts the next day. In that case, we are happy to help you find and book a hotel.

Day 8		Relaxing in the morning and if you like a little hike in Talek, with it's pleasant safari-tour activity. In the afternoon back to Nairobi for you flight			

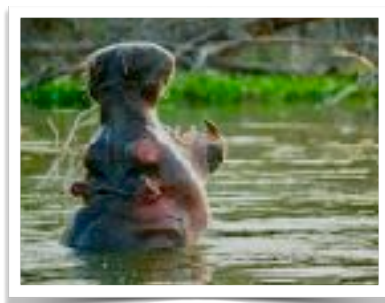

Special in our guidance:

- If 8 days is too long, then we can merge days 6 and 7. Then the tour lasts 7 days. In that case the price will be € 130 lower.
- The tour is fully accompanied by our experienced guide and cyclist Rene, who knows the area well.
- The tour is fully accompanied by our 4x4 support-car with driver. This can carry up to 9 bikes. The support-car provides lunches and drinking supplies en route, helps where necessary in case of equipment breakdowns, other problems and cyclists can board and ride along in case of need or physical problems.
- We hold a briefing each day with the day's plan, and discuss any individual or group adjustments
- We advise you to bring your own bike (gravel bike or mountain bike). We will pay you the cost of bike transport in the plane return with a maximum of € 150 per person, per bike. We arrange good ATBs for those who prefer one of our bikes.

Day 1. To Naivasha and boatsafari.

After breakfast (or after landing at the Airport) we will pick you up and we'll travel to Naivasha where we will stay for two nights. In the afternoon we prepare the bikes and if you like, we make a boat safari over the lake. You will see hippos, giraffes, antelopes, pelicans and other beautiful birds. The fishermen in the water and in the trees complete the beautiful pictures of the lake. Still feel like and time left, then we cycle through the area and the adjacent village.

Day 2. Cycling around Lake Naivasha and through Hell's Gate Park

You cycle around the beautiful Lake Naivasha, during this route we pass Hell's Gate Park where we cycle in and ride a beautiful circuit. Hell's Gate is a friendly park where we see giraffes, zebras, buffalos, wildebeest and many antelope species. We cycle relaxed, the camera can linger around the shoulders.

Day 3. Cycling to Nakuru and 4x4 safari-tour Nakuru National Park.

After breakfast we leave by bike to the Nakuru region. A nice cycling-tour through the interior of Kenya. We stay 1 night in an attractive rural lodge a few kilometers outside Nakuru.

In the afternoon we make a safari tour in Nakuru NP with his beautiful lake, which is known for its rhinos and large quantities of flamingos.

Day 4. Cycling-tour to Narok

Today another beautiful route through the Kenyan landscape. A beautiful day, tough working but the support car is always nearby! Children greet you exuberantly everywhere. If you like we visit a school where the kids love to practice their English language and tell you about their life and future dreams.

Day 5. Cycling-tour to Talek, Masai Mara.

We drive to the highlight of the trip, the Masai Mara and spend the night in a stylish and fine lodge in Talek. On the way there we cycle again among the wildlife such as giraffes, buffalo, wildebeest, zebra and more. It remains a special experience.

Day 6. 4x4 Safari Masai Mara.

Today the absolute wildlife highlight of your trip. The day safari in one of the most beautiful wildlife areas in the world! We get up early to drive into the park at sunrise. The Masai Mara is a large and beautiful National Park where there is a good chance that you will complete the Big Five! The choice is yours again: we have lunch on the way or we make a morning safari and afternoon safari, in the latter case we have lunch in the lodge.

Shorten your tour with one day? Then we combine days 6 and 7:

We start in the early morning at 6.30 with the 4x4 safari-tour, have lunch around noon and get on the bike for the Masai Mara Conservancy Tour around 1 pm.

Day 7. Cycling-safari Masai Mara Conservancy

A bike ride of 95 km through the border area of the Masai Mara, lions we will of course not see by bike, but here again we will have a chance of elephants, giraffes, zebras and all the other game that you have seen from the bike. Always up close, but at a respectful distance.

Day 8. Back to Nairobi for your flight (or travel extension)

Depending on your flight schedule, we can still use the morning to do some cycling. Then a shower, lunch and we get back in the car to Nairobi for your return flight.

But maybe you want to extend the trip? Or let your family or friends come over to discover even more Kenya together. Everything is possible and we are happy to make a tailor-made plan for you in that case.

- On our website www.africacycling.com you will find the necessary practical information about your preparation, vaccinations, etc.
- We have the possibility to use E-ATB's, you can rent a E-ATB for a € 150 per bike per week.
- The number of kilometers and cycling hours can be flexibel individually adjusted by our 4x4 support car.
- We reserve the right to deviate from this route when local circumstances, booking problems or other unforeseen circumstances so require. Always in consultation with you as a guest, but by ultimately determining us because of our familiarity with Kenya.

Look for The Alternative plan on the next page

The Alternative plan: “Kenia at great heights”

The differences between the first plan and alternative plan are:

- No game drive in the Masai Mara
- One 4x4 game drive and 1 boat safari.
- More nature experience, beautiful landscapes, less wildlife experience
- Greater distances, greater altitude differences
- Lower costs due to lack of Masai Mara
- More asphalt (80%) and fewer gravel roads (20%), compared to the first plan (70% and 30%)
- We can not shorten this alternative plan!

The price of the Alternative plan “Kenia at great heights”: € 1.540
Based on a minimum of 4 people in this tour.

(all inclusive, excluding flight-ticket, with your own bike. With our bike € 1.690)
