9 days

Wildlife Adventure, Easy Cycling in Kenya

€2.695 (all inclusive, without flight, price level 2025)

Welcome, to the Africa Cycling travelplan of our 9 day tour "Wildlife Adventure, Easy Cycling"

A shorter version of our 15 day tour, where we offer you both wildlife highlights and cycling highlights of Kenya. In the Safari 4x4 you will search for the Big-Five in Kenya's most beautiful game parks, including the Masai Mara, Nakuru and Nairobi National Park. You will cycle through the smaller game parks such as Hell's Gate and Soysambu among the friendlier wildlife, always under the expert guidance of our guide.

Travelplan and cycling-distances per day.

Day		Route and destination (*)	Distance in kilometers	Height in meters	Drop in meters
Day 1		4x4 Safari-tour Nairobi National Park			
Day 2		To lake Naivasha, boat-safari in the afternoon

Day 4		To Nakuru by car, afternoon 4x4 Safari tour Nakuru Nat. Park			
Day 5	🚴	Cycling-safari Soysambu Regional Park	40-55	150	150
Day 6	🚴	Travelday by car to Talek Masai Mara, When you like, cycling the last 20-40 km, "Evening walk" Talek village	20-40	70	100
Day 7		All day 4x4 Safari-tour Masai Mara National Park			
Day 8	🚴	Cycling-safari Masai Mara Conservancy	40-60	100	100
Day 9		Back to Nairobi for your flight of travel extension			

Note 1: Arrival in Nairobi.

Most flights arrive in the afternoon or evening. In that case, your trip will start the next day and you will therefore need an extra night in a hotel. We will then be happy to book our trusted hotel in Nairobi for you, where you will also spend days 4 and 5. The extra cost is €40-50 per person for that night. We will gladly pick you up from the airport and take you to the hotel. If your flight arrives in the morning, your trip will start the same day.

Note 2: Masai Mara high season price increase.

Masai Mara National Park has implemented a \$ 100 high-season price increase since 2024, which we will also charge you if you travel during the high season period (July 1 - December 31).

Note 3: Our bike? Electric bike? Your own bike?

All our trips can also be done on one of our electric ATBs. You rent these for € 150 per week. A regular ATB is included in the price and if you bring your own bike, we will pay the cost of air transport!

Day 1. 4x4 safari tour Nairobi National Park

After the "airport pick-up" or after breakfast you will start immediately with a highlight! Your first safari tour in Nairobi National Park. An impressive contrast, wildlife on the Kenyan savannahs with the Nairobi skyline in the background. This is how close humans and wildlife live together. In the evening you will spend the night in a comfortable hotel in Nairobi.

Day 2. From Nairobi to Lake Naivasha region.

On day 2 you will head to Lake Naivasha in our 4x4 Safari car where you will stay two nights at the lovely lodge with swimming pool and relaxing garden. In the afternoon you will take a beautiful boat safari on Lake Naivasha or on the smaller adjacent Lake Oloiden. You will see hippos, giraffes, pelicans and many beautiful bird species.

Day 3. Bicycle safari through Hell's Gate (40 - 55 km)

You will cycle through Hell's Gate, a friendly park where you will see giraffes, zebras, buffalo, wildebeest and many antelope species. That first bicycle safari experience is fantastic! You'll cycle leisurely, lunch extensively over a picnic and take a short hike to the gorge with beautiful views.

Day 4. To Nakuru, afternoon 4x4 Safari tour Nakuru National Park

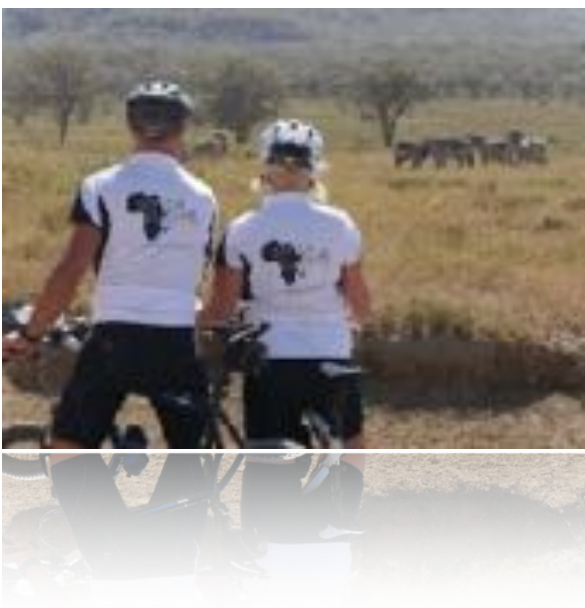

You leave after breakfast for the Nakuru region, check in and take a lunchbox for a nice lunch during the beautiful safari tour in Nakuru national park, known for its rhinos and flamingos. You spend two nights in a cozy place outside Nakuru.

Day 5. Cycling-safari through Soysambu Regional Park 20-55 km

Today you cycle from the lodge to Soysambu, here you will take a beautiful leisurely cycling-safari around Lake Elementaita. You cycle leisurely and have lunch and regular breaks in the park.

In Soysambu you will see the animals you see in Hells Gate but also flamingos and even a chance of seeing hyenas, which people on bikes shun by the way. You spend the night in the same lodge. You determine the cycling distance that morning in consultation with the guide.

Day 6. Travel day by car to Talek Masai Mara

During the drive to the Mara you get more and more into the Masai atmosphere. The wildlife you encounter along the way, the Masai tribes you pass, the Masai herdsman with their grazing cattle. **If you feel like cycling, you can do the last part of the journey by bike.** Together with Rene our guide you decide which distance you want to cycle.

Arriving in Talek, you spend the night in a beautiful atmospheric lodge on the river where you look down from above and where the crocodiles wait for their prey. Wonderful, tomorrow is the big day! You might feel like taking a stroll through the Masai village of Talek, with its bustling activity, all in the spirit of the game drives.

Day 7. Full day safari tour Masai Mara

Out of bed early that day. An absolute highlight of your trip. As the sun rises you will drive into the Mara, watch the hot air balloons take off (which you might use to fly over the Mara yourself tomorrow?) and go in search of hunting lions, leopards and cheetahs and all the other beauty the Mara has to offer. You can choose, a full-day safari with lunch on the savannas or a morning and afternoon safari, with lunch at the lodge in Talek.

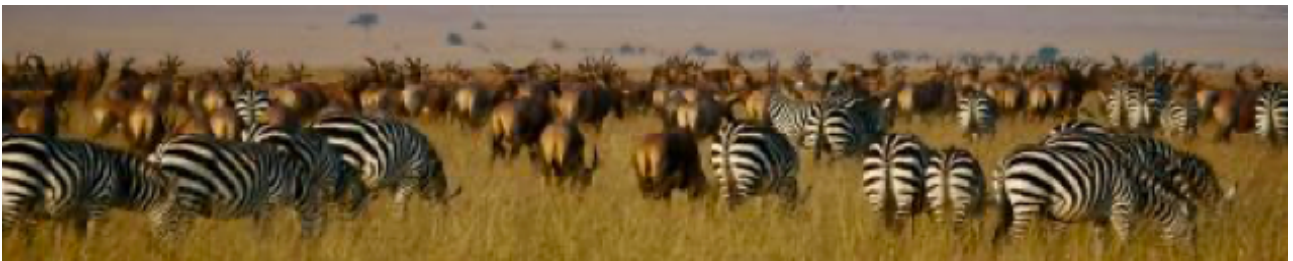

(the Africa Cycling 4x4 safari-car)

Day 8. Cycling in Masai Mara Conservancy (40 - 60 km)

You will finish your last real day in the Masai Mara with a wonderful bicycle tour. You cycle through the Masai's habitat, meet the Masai with their herds, see giraffes, zebras and much more wildlife. If you like we will visit a small school where the Masai children are happy to have you there and proudly display their school work and explain to you with their excellent English about their school, home and more. In the evening you will enjoy the amazing safaris and bike rides, in the lovely surroundings of the lodge where you may view your wonderful photos and videos.

Day 9. Back to Nairobi again!

Full of the impressions of the previous days, this day you travel relaxed back to Nairobi. On the way there is still time to buy valuable souvenirs of this trip in beautiful and exclusive souvenir stores.

Maybe you will travel back home, but maybe you still chose to extend at the beach or in the mountains. In any case, Africa Cycling will make sure you start the next part of your trip on time.
