

Travelplan 10 days

Cycling and Wildlife Adventure Kenya

€ 2.920 (all inclusive, without flight)

Welcome, to the Africa Cycling Travelplan of our 10 days tour

"Cycling and Wildlife Adventure"

A shorter version of our 16 day tour, where we offer you both the wildlife highlights and the cycling highlights of Kenya. In the Safari 4x4 you will look for the Big-Five in the most beautiful game parks in Kenya, including the Masai Mara, Nakuru and the Nairobi National Park. You cycle 1 time from hotel to hotel but especially through the smaller game parks such as Hell's Gate and Soysambu between the friendlier game, always under the expert guidance of our guide.

Travelplan 10 days Cycling and Wildlife Adventure:

Day		Route and destination (*)	Distance in kilometres	Height in metres	Drop in metres

Day 8		4x4 Safari-tour Masai Mara National Park			
Day 9	🚲	Cycling-safari Masai Mara Conservancy	40-60	100	100
Day 10		Back to Nairobi for your flight or travel extension			

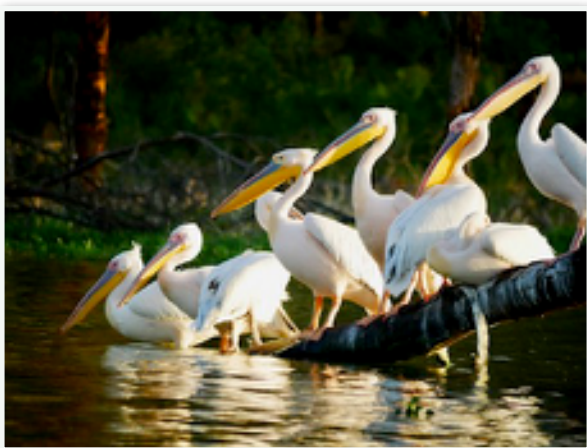

Day 1. 4x4 safari-tour Nairobi National Park

After the "airport pick-up" or after breakfast you immediately start with a highlight! Your first safari tour in Nairobi National Park. An impressive contrast, the wildlife on the Kenyan savannas with the skyline of Nairobi in the background. That's how close man and wild live together. In the evening you will spend the night in a comfortable hotel in Nairobi.

Day 2. From Nairobi to Lake Naivasha region.

After the breakfast we drive to Lake Naivasha where you stay two nights in the lovely lodge with swimming pool and relax garden. In the afternoon you make a beautiful boat safari on Lake Naivasha or on the smaller adjacent Lake Oloiden. You will see hippos, giraffes, pelicans and many beautiful bird species.

Day 3. Cycling safari through Hell's Gate (40 - 55 km, 24-34 miles)

You will cycle through Hell's Gate, a friendly park where you can see giraffes, zebras, buffalo, wildebeest and many antelope species. That first bike safari experience is fantastic! You cycle relaxed, have lunch extensively during a picnic and take a short walk to the gorge with beautiful views.

Day 4. Bike tour to Nakuru (75 km, 47 miles)

After breakfast we leave by bike to the Nakuru region. A nice bike ride through the interior of Kenya. We stay 3 nights in an attractive rural lodge a few kilometers outside Nakuru town next to Soysambu, a regional wildlife park.

Day 5. 4x4 safari-tour Nakuru National Park and optional a city bike tour to Nakuru (30 km, 19 miles)

An early morning 4x4 safari tour in the beautiful Nakuru National Park, which is known for its rhinos and flamingos. We have lunch again at the lodge and in the afternoon an optional City-bike tour to Nakuru Town is on the program. Nakuru is a special Kenyan city, with a cozy atmosphere, nice coffee places and an interesting and vibrant street life. The other option is to relax in the nice lodge.

4

Day 6. Cycling-safari through Soysambu Park (40-55 km, 24-34 miles)

Today you cycle from the lodge to Soysambu Regional Park, here you make a beautiful relaxed cycling safari around Lake Elementaita. You cycle quietly and take regular breaks in the park.

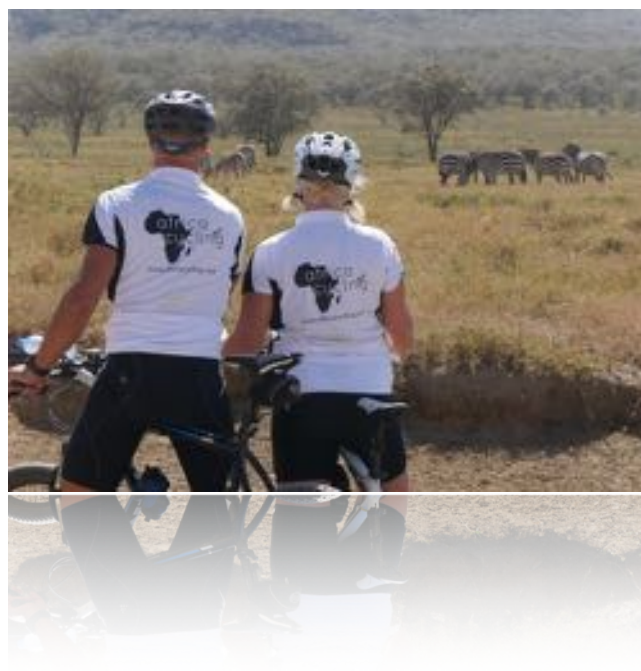

In Soysambu you can see the animals you see in Hells Gate, but also flamingos and even a chance of hyenas, which people on bicycles shy away from. You spend the night in the same lodge. The cycling distance that morning you determine in consultation with the guide.

Lake Elementaita, Soysambu

Day 7. By car and bike to Masai Mara (40 - 55 km, 24-34 miles)

The first part you travel by car, the second part you cycle into the Masai Mara and will come more and more in the atmosphere. The wildlife you encounter along the way, the Masai tribes you drive past, the Masai shepherds with their grazing cattle. When you arrive in Talek you spend the night in a beautiful atmospheric lodge on the river where you look up from above and where the crocodiles wait for their prey. Lovely, tomorrow the big day! Maybe you would like to walk through the Masai village of Talek, with its lively activity, all under the sign of the safari-tours.

Day 8. Full day safari-tour Masai Mara

Getting out of bed early that day. An absolute highlight of your trip. When the sun rises you drive into the Mara, you see the hot air balloons take off and you go in search of the hunting lions, leopards and cheetahs and all the other beauty that the Mara has to offer. You can choose, a full-day safari with lunch on the savannas or a morning and afternoon safari, with lunch at the lodge in Talek.

(the Africa Cycling 4x4 safari-car)

Day 9. Cycling in Masai Mara Conservancy (40-60 km, 24-37 miles)

The last real day in the Masai Mara ends with a beautiful bike tour. You will cycle through the habitat of the Masai, meet the Masai with their herds, see giraffes, zebras and much more wildlife. If you like it, we visit a school where the Masai children are happy when you are there and proudly show their schoolwork and give you their excellent English explanation about their school, their home and more. In the evening you can enjoy the great safaris and bike rides, in the wonderful surroundings of the lodge where you might watch your beautiful photos and videos.

Day 10. Back again to Nairobi!

Full of the impressions of the days before, you travel back to Nairobi this day relaxed. Along the way there is still time to buy a valuable memento of this trip in beautiful and exclusive souvenir shops.

Maybe you travel back home, but maybe you have opted for an extension, the extra safari tour in Nairobi National Park, or an extension on the beach or in the mountains. In any case, Africa Cycling ensures that you start the next part of your journey on time.

Details of this trip:

Note 1: Arrival in Nairobi:

Most flights arrive in the afternoon or evening. In that case your trip will start the next day and you will need an extra night in a hotel. We are happy to book for you our trusted hotel in Nairobi, where you will also spend day 4 and 5. The extra costs are € 50-65 (seasonal) per person for that night. We will gladly pick you up from the airport and take you to the hotel. If your flight arrives in the morning your trip will start the same day. You will stay the second night in the same hotel on this trip.

Note 2: Price increase Masai Mara high season.

The Masai Mara National Park has implemented a high season price increase of \$100 since 2024. We will also charge this amount to you if you travel in the high season period (July 1 - December 31).

Note 3: Our bicycle? Electric bike? Your own bike?

All our trips can also be made on one of our electric ATBs. You rent them for € 150 per week. A regular ATB is included in the price and if you bring your own bike, we pay for the airfare!

Note 4: Small groups guaranteed!

Our “Cycling with Wildlife” trips always have a maximum of 6 participants. If you would like to travel with us, but your group consists of more than 6 participants, we would be happy to discuss the possibilities of expansion for your group.
